

Qualys Enterprise Suite helps enterprises have an accurate view of their network and web applications, identify vulnerabilities, ensure regulatory compliance and prioritize remediation according to business risk - with no infrastructure to deploy or manage. It provides ease of global deployment, scanning accuracy and allows organizations to take action to mitigate risks and demonstrate compliance.

Benefits:

Scalable Management – Distributed scanning capabilities, asset grouping, centralized reporting and remediation workflow in a multi-user environment.

Automation - Scheduling, automatic updates and automated report and ticket generation reduce costs and simplify enterprise-level management.

Accuracy – Comprehensive accurate scans and always up-to-date vulnerability Knowledgebase.

Role-based Access – Role-based access to authorized users anywhere over a secure, encrypted architecture.

Security – End-to-end data security protects sensitive vulnerability and compliance data.

Qualys Enterprise Suite includes the following modules:

Qualys Vulnerability Management (VM): Globally deployable, scalable security risk and vulnerability management.

Qualys Continuous Monitoring (CM): Continuously monitors the perimeter or internal systems and alerts on security loopholes (e.g., expired certs, open ports, etc).

Qualys ThreatPROTECT: Visualize and prioritize security threats with integrated real-time threat intelligence correlated with VM scan results.

Qualys Secure Configuration Assessment (SCA): Secure configuration assessment based on CIS benchmark with workflows and reports.

Qualys Policy Compliance (POL): Compliance scanning and mapping to demonstrate compliance with regulations and mandates.

Qualys Cloud Agents Platform (CAP): Provides real-time assessment (VM, PC and SCA) across millions of IT assets on-premise, elastic environments or endpoints.

Qualys Cert View (CVI): Get full visibility of both certificates and underlying SSL/TLS configurations and vulnerabilities

Qualys Cloud Security Assessment (CSA): Continuously monitor and assess your cloud assets and resources for misconfigurations and non-standard deployments

Qualys Container Security (CS): Discover, track and continuously secure containers – from build to runtime.

Qualys Asset Inventory (AI): Maintain full, instant visibility of all your global IT assets. Normalizes, categorizes and enriches hardware and software inventory.

Qualys App for ServiceNow CMDB (SNCS): Synchronizes all newly discovered assets and the latest information on matching assets within Qualys and the ServiceNow CMDB.

Qualys PCI Compliance (PCI): Automated PCI compliance validation for merchants and acquiring institutions.

Qualys Web Application Scanning (WAS): Automated custom web application scanning for SQL injection and XSS vulnerabilities.

Qualys Web Application Firewall (WAF): Detect and mitigate web application vulnerabilities in real-time through virtual patching.

Qualys Indication of Compromise (IOC): Automate detection of compromised assets and threat hunting capabilities.

Qualys File Integrity Monitoring (FIM): Detect changes in files and policies on global IT systems.

Qualys Patch Management (PM): Streamline and accelerate vulnerability remediation for all your IT assets.

Qualys Zero-Day Service: Analysis and automated alerting for zero-day threats based on Verisign iDefense.

Qualys API (API): XML API interface for automated scripting of VM and compliance tasks.

Pricing

Qualys Enterprise Suite is priced as a prepaid annual subscription based on the number of active modules (VM, CM, TP, POL, FIM, IOC, WAS, WAF) and number of IPs scanned (External + Internal) or web applications.

Module	Part #	Module Price	# of Internal IPs	# of External IPs	Price Per Internal IP	Price Per External IP	Subtotal

Private Cloud Platform Appliance 2U	Q-PCP-A	\$50,000	Scanning Capacity: 25K IPs, 10K Agents		

Qualys Enterprise Suite extended features include:

- Unlimited scans (VM, CM, POL, SCAP, PCI) per live IP address and unlimited WAS scans per web app (URL).
- Distributed scanning capabilities with multiple scanner appliances.
- Unlimited user accounts with multiple roles.
- Qualys PCI is bundled at no additional cost with Qualys Enterprise for External IPs only.
- Qualys SECURE Seal is bundled at no additional cost with Qualys Enterprise when WAS is purchased with External IPs.
- 24x7x365 technical support
- Qualys API is offered with 3 options based on concurrency limit and calls per hour:
 - a) Standard: concurrency limit = 2 and calls per hour = 300.
 - b) Enterprise: concurrency limit = 5 and calls per hour = 750.
 - c) Premium: concurrency limit = 10 and calls per hour = 2000.

Notes:

- An External IP is a publicly facing device that is scanned using Qualys' Internet Scanners.
- An Internal IP is any network device, laptop, server, printer, etc.
- A WAS is a unique web application defined with a starting URL and/or a port.
- Scanner Appliances or Virtual Scanners required for scanning internal devices and web apps are available under prepaid annual subscriptions.
- Resale discounts (margins) for Zero-Day service doesn't exceed 35% when sold through a Qualys Reseller (MSSP, VAS).
- Qualys reserves the right to change these pricing terms at any time.

Qualys Express Lite provides an all-in-ones security and compliance cloud solution for small businesses (up to 256 Employees).

Completely Cloud Based Model:

Minimize infrastructure overhead – No software installation, rollout and maintenance.

Easy to use – Automated scans initiated via a simple Web browser.

Comprehensive – Most comprehensive knowledgebase in the industry detects thousands of unique security vulnerabilities and compliance checks.

Secure – Trusted, 3rd party security audits with end-to-end encryption.

Qualys Express Lite consists of following modules that can be either purchased individually or bundled

Qualys Vulnerability Management (VM): Simple, accurate, easy-to-use solution for vulnerability management.

Qualys Continuous Monitoring (CM): Continuously Monitor the perimeter and get alerted on security loopholes (e.g., expired certs, open ports, etc.).

Qualys Cert View (CV): Get full visibility of both certificates and underlying SSL/TLS configurations and vulnerabilities

Qualys ThreatPROTECT: Visualize and prioritize security threats with integrated real-time threat intelligence correlated with VM scan results.

Qualys Secure Configuration Assessment (SCA): Secure configuration assessment based on CIS benchmark with reporting and workflows.

Qualys Cloud Agents Platform (CAP): Provides real-time assessment (VM and PC) across millions of IT assets on-premise, elastic environments or endpoints.

Qualys PCI Compliance (PCI): Automated PCI compliance validation for merchants and acquiring institutions.

Qualys Web Application Scanning (WAS): Automated custom web application scanning for SQL injection and XSS vulnerabilities.

Qualys Web Application Firewall (WAF): Detect and mitigate web application vulnerabilities in real-time through virtual patching.

Qualys Patch Management (PM): Streamline and accelerate vulnerability remediation for all your IT assets.

Pricing

Qualys Express Lite is priced as a prepaid annual subscription based on the modules (VM, PCI, WAS) and number of IP's (Perimeter or Internal) or web applications. Multiple packages can be purchased together to fit the customer needs.

Express Lite Packages (1-256 Employees)

VM Packages (Internal + Virtual Scanner Appliance)

Part #	Description	Internal IPs	Price	CAP IP Qty	Q-XL-CAP-VM
Q-XL-VS	Annual subscription for VM and 1 Virtual Scanner Appliance Included	16	\$995	16	\$249
Q-XL-VS	Annual subscription for VM and 1 Virtual Scanner Appliance Included	32	\$1,495	32	\$374
Q-XL-VS	Annual subscription for VM and 1 Virtual Scanner Appliance Included	64	\$1,995	64	\$499
Q-XL-VS	Annual subscription for VM and 1 Virtual Scanner Appliance Included	128	\$2,995	128	\$749
Q-XL-VS	Annual subscription for VM and 1 Virtual Scanner Appliance Included	256	\$4,995	256	\$1,249

VM + POL Packages (Internal + Virtual Scanner Appliance)

Part #	Description	Internal IPs	Price
Q-XL-POL	Annual subscription for VM & POL and 1 Virtual Scanner Appliance Included	128	\$6,495
Q-XL-POL	Annual subscription for VM & POL and 1 Virtual Scanner Appliance Included	256	\$10,995

CM Packages (Internal Only - VM Int Package must be purchased)

Part #	Description	Internal IPs	Price
Q-XL-CM	Annual subscription for CM	16	\$245
Q-XL-CM	Annual subscription for CM	32	\$395
Q-XL-CM	Annual subscription for CM	64	\$495
Q-XL-CM	Annual subscription for CM	128	\$745
Q-XL-CM	Annual subscription for CM	256	\$1,245

Threat Protect Packages

Part #	Description	Internal IPs	Price
Q-XL-TP	Annual subscription for TTP	16	\$299
Q-XL-TP	Annual subscription for TTP	32	\$449
Q-XL-TP	Annual subscription for TTP	64	\$599
Q-XL-TP	Annual subscription for TTP	128	\$899
Q-XL-TP	Annual subscription for TTP	256	\$1,399

WAS Packages

Part #	# of WAS	Total
Q-XL-WAS	1	\$1,995
Q-XL-WAS	5	\$2,995
Q-XL-WAS	10	\$4,995
Q-XL-WAS	25	\$8,495

WAS-WAF Packages

Part #	# of WAS	Total
Q-XL-WAS-WAF	1	\$2,995
Q-XL-WAS-WAF	5	\$5,495
Q-XL-WAS-WAF	10	\$8,495
Q-XL-WAS-WAF	25	\$16,995

Cloud Security Assessment CSA Packages

Part #	# of Connectors	Total
Q-X-CSA	5	\$5,935
Q-X-CSA	10	\$11,775
Q-X-CSA	25	\$26,725
Q-X-CSA	50	\$47,525

Patch Management

Part #	# of CAP	Total
Q-S-PM	Use Price Calculator in Enterprise Price List	New

Additional Services and Options

Part #	Description	Price
Q-SAN	Additional Qualys Scanner Appliance	\$2,495
Q-VS	Additional Qualys Virtual Scanner Appliance	\$995
QGS-VA-S	Qualys Gateway Service – Virtual Appliance (Single)	\$695
QGS-VA-HA	Qualys Gateway Service – Virtual Appliance (High-Availability Pair)	\$995
Q-E-WAF-VS	Additional Qualys Virtual Firewall Appliance	\$995

Packages Include:

- Unlimited scanning per device (live IP address) or per WAS (web app)
- 24x7x365 technical support
- Qualys PCI is bundled at no additional cost with Qualys Express Lite Perimeter up to the number of External IP's purchased.
- Up to Three user accounts are included with each Qualys Express Lite subscription.

Notes

- Scanner Appliances or Virtual Scanners required for scanning internal devices and web apps are available under prepaid annual subscriptions.
- Two scanner appliances are allowed per each Qualys Express Lite subscription.
- Multiple packages can be purchased per customer, for example a customer can purchase QG-XL-256, QG-XL-4 and QG-XL-WAS-5.
- Resale discounts (margins) for Qualys Express Lite are 25% when sold through a Qualys Reseller (VAS).
- Qualys reserves the right to change these pricing terms at any time.

VM Packages (External Only) + PCI

Part #	Description	External IPs	Price
Q-XLP	Annual subscription for VM, PCI	2	\$795
Q-XLP	Annual subscription for VM, PCI	3	\$995
Q-XLP	Annual subscription for VM, PCI	4	\$1,495
Q-XLP	Annual subscription for VM, PCI	8	\$1,995
Q-XLP	Annual subscription for VM, PCI	16	\$2,995

CM Packages (External Only - VM Ext Package must be purchased)

Part #	Description	External IPs	Price
Q-XLP-CM	Annual subscription for CM	2	\$195
Q-XLP-CM	Annual subscription for CM	3	\$295
Q-XLP-CM	Annual subscription for CM	4	\$395
Q-XLP-CM	Annual subscription for CM	8	\$495
Q-XLP-CM	Annual subscription for CM	16	\$795

SCA Packages (Internal Only - VM Internal must be purchased)

Part #	Description	Internal IPs	Price	CAP IP Qty	Q-XL-CAP-SCA
Q-XL-SCA	Annual subscription for SCA	16	\$245	16	\$61
Q-XL-SCA	Annual subscription for SCA	32	\$395	32	\$99
Q-XL-SCA	Annual subscription for SCA	64	\$495	64	\$134
Q-XL-SCA	Annual subscription for SCA	128	\$745	128	\$186
Q-XL-SCA	Annual subscription for SCA	256	\$1,245	256	\$311

WAF Packages

Part #	# of WAF	Total
Q-XL-WAF	1	\$1,995
Q-XL-WAF	5	\$3,495
Q-XL-WAF	10	\$4,995
Q-XL-WAF	25	\$16,495

Note: All WAF packages include two virtual firewall appliance licenses.

Cert View Packages (Internal Only - VM Int Package must be purchased)

Part #	Description	Internal IPs	Price
Q-XL-CVI	Annual subscription for Cert View Internal	16	\$245
Q-XL-CVI	Annual subscription for Cert View Internal	32	\$395

Q-XL-CVI	Annual subscription for Cert View Internal	128	\$745
Q-XL-CVI	Annual subscription for Cert View Internal	256	\$1,245

Container Security CS Packages

Part #	# of Hosts	Total
Q-X-C-S	10	\$4,935
Q-X-C-S	50	\$23,250
Q-X-C-S	100	\$44,500

Qualys Express Suite provides on-demand vulnerability management and policy compliance to small and medium sized organizations (SMBs) through an easy-to-use, immediately deployable solution. With Qualys Express Suite, SMBs can perform automated security and compliance audits to measure security of their network and document compliance - with no software to install or maintain.

Benefits

Minimize infrastructure overhead - No software installation, rollout and maintenance.

Easy to use - Automated scans initiated via a simple Web browser.

Comprehensive - Host comprehensive knowledgebase in the industry detects thousands of unique security vulnerabilities and compliance checks.

Secure - Trusted, 24/7 security audits with end-to-end encryption.

Qualys Express Suite includes the following modules:

Qualys Vulnerability Management (VMS): Simple, accurate, easy-to-use solution for vulnerability management.

Qualys Continuous Monitoring (CM): Continuously monitor the perimeter and get alerted on security loopholes (e.g., expired certs, open ports, etc.).

Qualys Cert View (CV): Get full visibility of both certificates and underlying SSL/TLS configurations and vulnerabilities.

Qualys Secure Configuration Assessment (SCA): Secure configuration assessment based on CIS benchmark with reporting and workflow.

Qualys ThreatPROTECT: Visualize and receive security threats with integrated real-time threat intelligence correlated with VM scan results.

Qualys Cloud Agents Platform (CAP): Provides real-time assessment (VM and PC) across millions of IT assets on-premise, elastic environments or endpoints.

Qualys Cloud Security Assessment (CSA): Continuously monitor and assess your cloud assets and resources for misconfigurations and non-standard deployments.

Qualys Container Security (CS): Discover, track and continuously secure containers - from build to runtime.

Qualys Asset Inventory (AI): Maintain full, instant visibility of all your global IT assets. Normalize, categorize and enrich hardware and software inventory.

Qualys App for ServiceNow CMDB (CMDB): Synchronizes all newly discovered assets and the latest information on matching assets within Qualys and the ServiceNow CMDB. Includes activation of VM, API interface for BMC integration only. (Use of API for additional integrations require purchase of GO-API).

Qualys Policy Compliance (POL): Compliance scanning and mapping to demonstrate compliance with regulations and mandates.

Qualys PCI Compliance (PCI): Automated PCI compliance validation for merchants and acquiring institutions.

Qualys Web Application Scanning (WAS): Automated custom web application scanning for SQL injection and XSS vulnerabilities.

Qualys Web Application Firewall (WAF): Detect and mitigate web application vulnerabilities in real-time through virtual patching.

Qualys Indication of Compromise (IOC): Automatic detection of compromised assets and threat hunting capabilities.

Qualys File Integrity Monitoring (FIM): Detect changes in files and policies on global IT systems.

Qualys Patch Management (PM): Streamline and accelerate vulnerability remediation for all your IT assets.

Qualys Zero-Day Service: Analysis and automated alerting for zero-day threats based on Verilog Database.

Qualys API (API): XML API interface for automated scripting of VM and compliance tasks.

Pricing
Qualys Express Suite is priced as a prepaid annual packages based on the number of active modules (VM, POL, PCL, WAS) and number of IPs (External + Internal) or web applications. Multiple packages can be purchased together to fit the customer needs.

Express Packages (256 - 5000 Employees)

Part #	Description	Internal IPs	Price	CAP IP qty*	Q-X-CAP-VM
Q-X-PKG	Annual subscription for VM and one virtual appliance	256	\$6,495	256	\$1,125
Q-X-PKG	Annual subscription for VM and one hardware appliance	512	\$7,995	512	\$1,500
Q-X-PKG	Annual subscription for VM and one hardware appliance	1024	\$12,995	1024	\$2,750
Q-X-PKG	Annual subscription for VM and one hardware appliance	1536	\$15,995	1536	\$3,500
Q-X-PKG	Annual subscription for VM and one hardware appliance	2048	\$19,995	2048	\$4,500
Q-X-PKG	Annual subscription for VM and one hardware appliance	2560	\$21,995	2560	\$5,000
Q-X-PKG	Annual subscription for VM and one hardware appliance	3072	\$23,995	3072	\$5,500
Q-X-PKG	Annual subscription for VM and one hardware appliance	4096	\$25,995	4096	\$6,000
Q-X-PKG	Annual subscription for VM and one hardware appliance	5120	\$27,995	5120	\$6,500

*CAP qty is included within total IP package, not on-top of VM qty. E.g., 256 VM IP + 128 CAP IP would require Q-X-512

Packages Include

- Unlimited scanning per device (live IP address) or per WAS (web app)
- 24/7/365 technical support
- Qualys PCI is bundled at no additional cost with Qualys Express up to the number of External IP's purchased.
- Unlimited user accounts are included with each Qualys Express subscription.
- Free (3) scanners (appliance and/or virtual) are allowed per each Qualys Express subscription.

Notes

- An External IP is a publicly facing device that is scanned using Qualys Internet Remote Scanners. An Internal IP is any network device, laptop, server, printer, etc.
